AKC Scent Work Regulation Changes

Effective October 1, 2019 from the AKC Site

Regulations Amendments

Approved by the Board in April to go into effect October 1, 2019

Changes to Buried Class

Reason: Hard to find sites, winter weather difficulties, lack of consistency (variation in soil composition/density across the country).

- All levels will use tubs of substrate (Excellent and Master will no longer be outside buried in the ground).
- All classes have odor 4 inches beneath the surface.
- Novice- 6 tubs of play sand (1 hide)
- Advanced- 8 tubs of water (2 hides)
- Excellent- 12 tubs total, 6 play sand, 6 water (3 hides)
- Master- 16 tubs total, 8 play sand, 8 water (1-4 hides)

Survey

What do you think is the most important change that AKC Scent Work needs to implement?

#1 answer was changes to Buried

Increase Consistency, Establish Higher Minimum Standards

Reason: Some clubs are overusing search areas or putting searches too close together—to the detriment of the sport—in an attempt to offer more classes.

- Required separation between “active” search areas (those that have odor)
 - ⇒ Container- 20+ feet apart, or physical barrier
 - ⇒ Interior- 30+ feet apart, or physical barrier
 - ⇒ Exterior- 30+ feet apart, or physical barrier
 - ⇒ Buried- 20+ feet apart, or physical barrier
- Physical barrier is minimum 6 feet tall and reaches all the way to the ground.
- If crating and searches are in the same room, there must be a physical barrier between.
- Limit reuse of search areas- no more than 7 hides in the same area in a set of trials. Judges must mark location of removed hides with stickers or tape.
- “Nesting” searches is not allowed (if area is reused for another class, hide locations **MUST** change).
- Area can’t be used as “blank” for a Master search if it was used for odor during that set of trials.
- “Rows” refers to parallel straight-line rows (cannot be angled or offset from each other).

Daily Judging Limit

Reason: Classes vary significantly in judging time, hard numerical limit can result in very long days

- Change from hard numerical max of 125 per day to 8 hours judging time
- Judging Time Calculator to be used to limit entries (similar to Obedience)

Remove Requirement of Hide Steward

Reason: Provide greater flexibility, removes confusion and delays. Judges are less likely to cause contamination than a volunteer.

- Allow judges to set their own hides for odor classes
- Hide Steward will still be required for Handler Discrimination, since judge's scent is used for discrimination

Restructure High in Trial

Reason: Confusion in prior wording

- Handler Discrimination classes not included in High in Trial calculation
- If HIT is offered, clubs must also offer High Combined Division (HCD)- includes all odor classes + handler discrimination

Administrative

Reason: Clarify intent, provide greater specificity, and remedy omissions

- Event applications will not be processed until processing fee is received.
- If a dog enters more than 2 difficulty levels in a trial, the Q for the lowest level will be disallowed.
- Clubs may be fined if they are late submitting Premium Lists (must be received 21 days prior to opening)
- Clarification of entry limit options: 1) Unlimited, 2) Numerical entry limit, 3) Judging hours limit
- Transfers ("move ups")- If the Premium List doesn't mention transfers, the club must allow them.
- Additional guidelines for First Received method- 1 address only, must accept USPS.
- Guaranteed entry for show workers is only allowed with the Random draw method, not First Received. Maximum 15% of the total entry limit may be guaranteed. Guaranteed entries must be read at the draw.
- Maximum time of the search must be recorded in the class header in the results catalog
- Dog's date of birth required to be printed in the results catalog
- Specifies required order of classes for catalog submission (classes may still be run in any order)
- Judges may show their dogs in classes that they aren't judging.

Judging Specifics

Reason: Clarify intent, provide greater specificity, and resolve contradictions

- Failure to call "Finish" in a search with a known number of hides will be a fault plus maximum time, not an NQ.
- After an incorrect call, judge will point out 1 hide. Only in Novice classes may handlers reward at source after an incorrect call.

- Non-food distraction must be: tennis ball, dog toy, empty dog dish, dog brush, leash, or harness.
- Judge will mention number and type of distractions during briefing but will not point them out.
- Official timer to give a 30 second warning in all Novice, Advanced, and Excellent classes. No 30-second warning in Master or Detective.
- Distraction for Container Advanced may be in a container or loose in the search area.
- Judge will not state exact number of hides per area in Interior Excellent.
- For Handler Discrimination classes, handler may have a second scented article used to cue the dog.

No Special Accommodations for “Reactive” Dogs

Reason: Another organization allows “reactive” dogs to compete and requires special accommodations for dogs designated “reactive.”

- Clubs may dictate lining up and staging of competitors how they see fit; must be the same for all dogs
- No blanket rules that dogs are not allowed to interact (except in staging areas or warm-up areas).

Demo Dog

- Reworded to emphasize importance
- Club must make a demo dog available, but judge can choose whatever dog they want to use

Container Types

- Containers should mirror what real-life detection dogs search; luggage, parcels, etc.
- Silly or out-of-place objects shouldn't be used.
- Containers must be closed so as to “contain” the odor (ex: tote bags are not permissible unless they have a zipper closure).
- Cardboard boxes can be of any construction, but must have seam on the top for the odor to escape

Proudly Presents

Catherine Zinsky

Saturday and Sunday

October 5 & 6, 2019

8am – approx. 5pm

Smarty Paws South

4544 W Russell Rd.

Las Vegas, NV 89118

About Catherine Zinsky

Catherine has trained Dobermans, Cattle Dogs, and now Border Collies for nearly 40 years and has been actively exhibiting in AKC, UKC, and ASCA trials during that period. She has achieved multiple AKC championships in both conformation and obedience and has dabbled in agility, though obedience training and competition are her main focus and interest. Catherine has shown and placed at AKC National Invitational Competitions, State Top Dog Competitions, has been awarded more than 200 High in Trials (including at National Breed competitions), over 100 High Combined wins, and more than 20 perfect '200' scores. She is also an ASCA obedience trial judge and periodically presents obedience seminars for clubs throughout the nation.

Catherine's motto is: Never send your dog into failure - Train for SUCCESS!

SATURDAY, OCTOBER 5

"Attitude + Attention = Teamwork"

Focus will be directed at the trainer/handler: we are going to look at training - the way people train - and dissect it. We're going to look at

Attitude - THE HANDLER'S ATTITUDE and
Attention! - THE HANDLER'S ATTENTION,
and through this approach ultimately bolster the dog's
attitude and attention so that the end result is teamwork.

Catherine will cover seven basic topics, subjects that must be addressed in order to succeed and ultimately attain teamwork.

SUNDAY, OCTOBER 6

**"An Introduction to the
Construction of an Exercise"**

Catherine will demonstrate how to look at a skill or behavior and break it down into its basic parts, then show how to teach each part individually. As each little step is learned, they are gradually put together to construct the entire skill and exercise. One of the goals of this seminar is to show trainers how to develop their own techniques based on this learning approach, and to subsequently be able to recognize and isolate where any problems are originating so that the problem can be solved with little confusion for the dog.

This introductory topic will cover all foundation skills.

Seminar space is limited to 20 working teams per day, unlimited auditor spots.

Prices are as follows:

Working team = \$200 (both days); \$125 (1 day).

Auditor spots (no dog) = \$125 both days; \$75 one day.

** Preference will be given to working teams participating 2 days

Please bring your own chair and crate for your dog.

Dogs should be crated or leash-walked outside when not working.

Breakfast and lunch will be provided each day.

Below is a sample and I have included her pdf presentation in the email with this newsletter. It was a great informative presentation and if you feel your companion would benefit from acupuncture or just have more questions, give her call.

What is veterinary acupuncture?

- Acupuncture is defined as the insertion of needles into specific points on the body to produce a healing or balancing effect.
- Practiced for thousands of years, stemming from Ancient China as a means to treat ailments and prevent disease.
- 3000 BC-Fu XiThought to be the “father of acupuncture”

Which conditions are most commonly treated with acupuncture?

- Bread and butter: musculoskeletal (can be used as a treatment for acute or chronic injury, or injury prevention)
- Gastrointestinal disease (diarrhea, vomiting, IBD, pancreatitis, EPI)
- Skin problems (lick granuloma, atopy, recurring hives)
- Respiratory issues (bronchitis, CHF)
- Neurological problems (IVDD, FCE, Wobbler's, degenerative myelopathy, seizures)
- Autoimmune disease (IMHA, thrombocytopenia, neoplasia)

Did you know that Trick Dog Class holds Game Nights?? Looks like a lot of fun!!

Next sign ups will be Sept 3rd for Tuesday's classes and Sept 4th for Wednesday's classes .

Tuesday's classes start night of sign up, Wednesday classes start on Sept 11th, 2019.

Please do not bring dogs to Wednesday's sign ups.

From Maria Sweeten: These two earned their Novice titles in UKC Rally this weekend (in spite of me making numerous handler errors). Max and Gracie know what they're doing; I just need to get my act together!

From Donna Smith: Mariah got her UKC RMX - That's passing Rally 02 & Rally 03 at the same show. Need to do it ten times for the title.

From Edie Schoepp: SO PROUD of SYLAS!!! He finished off his dock event with a beautiful jump of 19'3"!! No bad for a dog who never jumped from a dock!! He even jumped over 20' earlier today for a qualifying leg in the Master Division!! One more leg to finish the senior title!! The icing on the cake for me was his behavior at the event! Stayed quietly in his crate

while others barked. Was nice to dogs and people and did

his job giving his all!! That means everything to me as a dog trainer and dog owner!!

This was the best dock event I have ever attended!! Theresa and Craig Foster and their crew were amazing!! Live feed of the event, play by play coverage with outdoor speakers, and a big screen Tv so we could watch the competition from the outdoor crating area!! Julie Hatch worked her tech magic for that great coverage!!! What a fun time!! Thanks everyone for your hard work and encouragement!!

From Judy Boles: Aug 3rd Dear Cloud earned High in Trial with a perfect 200 in the ASCA rally trial
Aug 4th Gina was a good girl in ASCA Rally and won HIT

From Sheryl Hohle: Zeta Potato earned her first leg of her Excellent JWW Preferred title. First place and she got a whole bucket of treats for her perfect run. Great agility pics of Zeta from Randy Gaines
