# AKC Obedience: News and Updates

**August 20, 2019**

## **AKC Obedience Regulation Changes – Effective September 4, 2019**

The AKC Board of Directors approved four ways to improve the time it takes to complete obedience trials to reduce the extended days for clubs, judges and exhibitors. The obedience Brace class eligibility has also been changed.

### **EFFECTIVE SEPTEMBER 4, 2019**

Must be compliant no later than JANUARY 1, 2020

Items 1-4 are effective for all trials held on or after 9/4/19. However, if clubs are using software that requires programming changes to meet these requirements, all clubs have an extension to complete the necessary changes. All clubs must be compliant with changes #1-4, for all obedience trials held on or after JANUARY 1, 2020.

1. **Judging Programs/Scheduling Judges** – Obedience Regulations, Chapter 1, Sections 3 & 26 – The Regular and Preferred Open classes and the Regular and Preferred Utility classes require the same ring set-up. Clubs currently have the option to schedule dogs by their jump height in ascending or descending order. The Regulation change will require dogs to be scheduled by jump height in either ascending or descending order and will require the Regular Open and Preferred Open classes to be combined for judging. It will also require the Regular Utility and Preferred Utility classes to be combined for judging. This will establish one set-up for Open and one set-up for Utility, reducing the time it takes to judge the classes and to keep the trial moving along smoothly.

**There is a new “Awards Placement Sheet” on the AKC Downloadable Forms page on the website to attach as the last page in the Judges’ Book** that will replace the placement boxes on the bottom of the forms. This placement sheet is to be used with all current stock of Judges’ Books until those forms are gone. Follow the directions on the form. Once your current stock of Judges’ Books are gone, please use the newest template available on the AKC website which can be found under the downloadable forms page.

2. **Judge’s Ring Assignments** – Obedience Regulations, Chapter 1, Section 26 – the judging program establishes the classes that will be run in a ring throughout the day. Sometimes when a judge arrives at their scheduled ring the classes in the ring from an earlier assignment may be running behind schedule causing the judge to wait to begin their assignment. However, there may be other rings available that meet the same ring requirements, where the class could move to in order to begin the judging on time. The Regulation change will allow the judge’s assignment to be moved to another ring, if one is available and it meets the original ring’s requirements.

3. **Combining Walkthroughs** – Obedience Regulations, Chapter 1, Section 26 – The Regulations require a walkthrough for several classes at the beginning of the class. However, some classes have the same set-up structure and by having the walkthrough at the beginning of each class can be redundant and add time to the day. Combining the walkthroughs for the classes that have the same structure will provide a savings of time throughout the day. The Regulation change will require walkthroughs to be combined if the same judge is judging classes with the same set-up structure when there are less than 20 combined dogs entered; and the same start time will be published for both classes.

4. **Load Balancing Entries** – Obedience Regulations, Chapter 1, Section 28 – At closing often times the entries for judges on the panel are unbalanced with one judge having more dogs than another. Requests have often been made to balance the load of entries amongst the judges on the panel, or to reduce the number of judges, to have the trial run more efficiently and to facilitate

a smooth-running trial. The Regulation change will allow clubs to load balance the entries after closing with 1) the approval of the judge, outlining any fees that may be required, and 2) the approval of AKC prior to publishing the judging program.

**EFFECTIVE SEPTEMBER 4, 2019 – For all trials held on or after 9/4/19**

5. **Obedience Brace Class Eligibility** – Obedience Regulations, Chapter 20, Section 5 – The requirement to have two dogs of the same breed for the Obedience Brace class has been removed. The Regulation change will allow two dogs of any breed, including dogs listed with AKC Canine Partners, that are of similar height at the withers to be entered in the Brace class.
